

TECHNICAL DATA SHEET

ECO-SCRUB PRO PLUS

PRODUCT DESCRIPTION: Heavy Duty Degreaser/Cleaner

ECO-SCRUB PRO PLUS is unlike any degreaser/cleaner in the world. ECO-SCRUB PRO PLUS is non-DOT regulated, non-corrosive, Kosher approved and carries USDA authorization codes of A1, A2, A4, A8, and C1. ECO-SCRUB PRO PLUS also carries a triple zero Hazardous Materials Information Score. Its superior degreasing ability comes from a patented ingredient that safely lifts grease away from any surface without the use of solvents. It easily removes petroleum-based oils and vegetable and animal fats, along with dirt and grime.

Other products are solvent or butyl-based cleaners. They work by emulsifying the grease from the top of the stain down to the surface where it lies. ECO-SCRUB PRO PLUS encapsulates each hydrocarbon molecule, effectively lifting it from the surface. This also means that ECO-SCRUB PRO PLUS will not break down the hydrocarbons to where they absorb water, picking up weight, sinking them to the bottom of the grease trap or containment unit. Greases and oils remain in a state that makes them easy to remove.

APPLICATION

ECO-SCRUB PRO PLUS can be applied by spraying onto the surface to be cleaned. Depending on the severity of the deposits, it should be allowed to sit for 2-5 minutes to allow it to penetrate and break down the fats, oils, and greases. In most cases, surfaces can then be rinsed. In severe cases, abrasion with a mop, broom, or other stiff brush is recommended. A version of this product is available for foamer units. An "-F" should be added to the product name when this version is desired.

DILUTION RATES

Heavy Soilage: Full Strength to 1:1
Medium Soilage: 2:1 to 5:1
Light Soilage: 6:1 or More

TYPICAL PHYSICAL PROPERTIES

➤ Appearance.....	Liquid
➤ Color.....	Light Yellow to Colorless in Color
➤ Odor.....	Mild Soapy
➤ Solubility.....	100%
➤ pH Neat.....	>11
➤ Specified Gravity.....	1.09
➤ Boiling Point.....	212°F

STORAGE AND HANDLING

Ingredients not precisely identified are non-hazardous.

PACKAGING

ECO-SCRUB PRO PLUS is shipped from the manufacturing facility and regional distribution centers in 5 gallon, 55 gallon and 275 gallon containers. Bulk quantities are available upon request.
